Dear Mr. Hersey:

RE: Acknowledgement of Application for Hazardous Waste Permit  
Safety-Kleen Corporation  
Brentwood, Missouri  
EPA, I.D. # MOD096714829

This is to acknowledge that the Environmental Protection Agency (EPA) has received the Part A of a Hazardous Waste Permit Application for the above referenced facility. While the information provided by these submissions has not been fully reviewed for completeness or accuracy, EPA will accept this information as an initial qualification for interim status pursuant to Section 3005 of the Act. If after further review of this information, EPA determines that the owner or operator did not fulfill all the requirements for interim status, EPA may treat the owner or operator as not having qualified for interim status pursuant to that section and will advise the owner or operator of that determination. Facility owners and operators with interim status must comply with the standards set forth at 40 CFR Part 265 until a permit is issued. Interim status may be terminated if the owner or operator fails to furnish any additional information requested by EPA in order to process a permit application.

If you have any questions about your status or about the RCRA requirements, please call Chet McLaughlin at (913) 236-2852.

Sincerely yours,
